

2026 OpenVT Reproducible Agent-Based Multicellular Model Competition

Promoting FAIR, reproducible, and reusable multicellular simulations

Deadline for submissions: February 28, 2026

Submit your published reproducible, agent-based model today for a chance to win one of 3 prizes!

- ✓ Submitted models must be published in a refereed journal on or after January 1, 2024 and publicly distributed.
- ✓ Previously submitted models to the OpenVT Agent-Based Multicellular Model of the Year 2025 Competition are not eligible for resubmission.
- ✓ Winners will be announced at the Society for Mathematics (SMB) meeting in July 2026 and be invited to present for GLIMPRINT's virtual seminar series.
